

# EXPEDITED AIRPORT ASSISTANCE

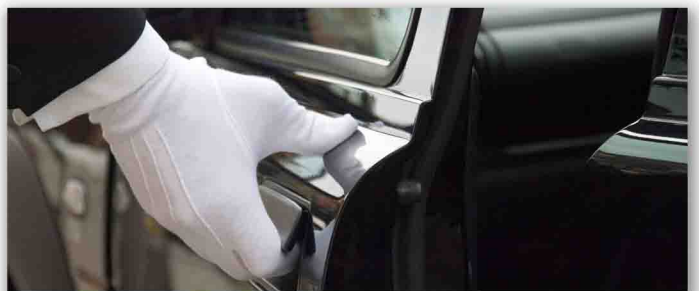

## For Passengers in Arrival:

Meet & Greet at the jetway/finger of the airplane (the jetway/finger is the electronic arm that extends out to the airplane door, through which passengers walk to connect them to the terminal), accompaniment and fast-track through security and passport control, accompaniment to and porter service in the luggage/baggage retrieval area, accompaniment through customs and directly out to the waiting transfer vehicle.

Please note that in the scenario where the airplane parks on the runway and not at the terminal, meet & greet at the jetway/finger of the airplane will not be possible. In case of runway parking, meet & greet will take place directly at the terminal when passengers descend from the airport bus that loads all passengers from the plane to bring them to the main terminal.

## For Passengers in Departure:

Meet & Greet at the entrance to the terminal upon arrival to the airport. Porter service for luggage, consignment of printed boarding pass (when possible, based on the airline; otherwise, assistance and fast-track with check-in), fast-track security and accompaniment to boarding gate. Assistance with duty free also available on request.

Your Private Italy can provide the following services:

- Authorized assistance/personnel
- Fast track security/passport control
- Porter service for luggage
- VIP Lounge (when applicable)
- Pre-printed boarding passes (in departure, where applicable)
- Duty Free assistance
